One infant per bedroom can be accepted. In case of more than one infant per bedroom – try to convince client to take a bigger apartment.

In the TSO rules agreed with I.T.S.O. 8 persons are accepted in C apartment for TSO. There have been 8 persons in C apartments in the rules sent out to UK TSO – so we will have to accept that. For the other countries the rule has always been 6 persons – so we will keep it like that until further notice. Leif will take this up in the next I.T.S.O. meeting in September 2000.
